

January 31, 2026 at 3:36 a.m.: On the Stalkers Staking Out My Home

As additional public notice, a very large truck slowly crept past my kitchen window (waiting for me to enter the room) as soon as I finished posting that last post.

Donald Trump is a dirty criminal. His methods are nothing short of mafia and he is a danger to our community.

The time is now to invoke the 25th Amendment, remove him from office, and arrest him.

We have no place in our society for this type of criminal behavior.

Get fucked, Donald Trump. Get the fuck out of our life and take your kkk-k clown show with you.
